THE YOUNG MAN OF THE PERIOD.

REV. E. F. L. GAUSS, Galena, III., writes. "For over ten years I had been a great sufferer from pains in the small of the back and region of the Kalneys, which was most excrudating and at times almost insufferable. Dectoring brought no relief, and I was facily advised to go abroad and seek the climate of my youth. In Germany and Switzerland, enthent physicians, after close examinations, declared my sufferings to arise from disease of the Kidneys, of long standing, and could do me no good. I was, however, benefited by the climate and consequently returned. No snows had I been hack and resumed my pastoral work, when the old trouble grew again so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Fada, past toos, and the effects were truly wonderful. The pains at once grew less, and are now, after wearing the second Fad, antirely cured, as I write this some weeks after its use, and am strong and look again the very picture of health. I write this perfectly voluntarily, and its dictated only by truth and graitude. Indeed, I constitut the Day Kidney Pad Co. Cod's agents and great benefactors of mankind. May all the suffering be helped as I have been is my carnest wish."

JOHN V. EAKEN, Kurray, Ky.—"I have now worn Day's kidney Pad about one mouth. It has done me some good than anything I ever used, and am improving every day."
